A CHANGE IN APPROACH -

Following the Headteacher's attendance of the **Dorset Pupil Premium Conference**, the Senior Leadership Team have reflected considerably on their approach to the spending of Pupil Premium Funding.

At the conference, Sir John Dunford (Formally National Pupil Premium Champion) advocated for the importance of 'relentlessly focusing on the quality of Teaching and Learning'. Sir John made reference to the Sutton Trust (2011) research -

Source: Sutton Trust (2011)

This has challenged our thinking and has helped shape our approach to Pupil Premium expenditure.

...where we are all inspired to learn

6. Barriers to Future Attainment

- THREE YEAR (YEAR TWO OF THREE): LONG-TERM -

A Increase % children meeting (and exceeding) ARE in all outcomes measures

B Increase % children working at a Greater Depth in Maths

C Children to LOVE READING in all it's forms

...where we are all inspired to learn

7. Desired Outcomes

A Increase % children meeting (and exceeding) ARE in all outcome measures

Plans To Address -

- Use of ELSA to promote a pro-social approach. Ensuring that all children are ready to learn.
- Increase Expectation + Increase Challenge of the curriculum for ALL CHILDREN.
- Embed SPAG Scheme (Ruth Miskin Spelling Scheme)

B Increase % children working at a Greater Depth in Maths

Plans To Address -

- Develop Maths provision still further with expert support
- Engagement with the Jurassic Maths Hub (Maths Mastery Project)
- Launch Mastering Number programme across Reception and Key Stage One

C Children to LOVE READING in all it's forms

Plans To Address -

- Embed reading in all it's forms across the curriculum. Ensuring reading stock is challenging, relevant and inspiring!

...where we are all inspired to learn

N.B - Why Power Maths?

We chose to adopt 'Power Maths' following our 2018/2019 involvement with the Maths Hubs Teaching for Mastery Programme. This programme made us eligible to claim textbook match-funding.

The scheme suited our setting because it is a whole-class mastery programme designed to spark curiosity and excitement (key ingredients for success at The Prince of Wales School). We believe Power Maths will nurture confidence in maths for all our learners.

At the heart of Power Maths is the belief that all children can achieve. The programme is built around a child-centred lesson design that models and embeds a growth mindset approach to maths.

We also chose to adopt 'Power Maths' as we feel it best reflects the research informed guidance outlined by the EEF in 'Improving Mathematics in Key Stage Two and Three: Guidance Report' (2017) →

EEF Projects

Accelerated Reader 16th March, 2018

Accelerated Reader

This page covers the first (efficacy) trial of Accelerated Reader, which tested whether it could work in schools under best possible conditions. To read about the second (effectiveness) trial - testing a scalable model under everyday conditions in a large number of schools - [click here](#).

Accelerated Reader (AR) is a reading management and monitoring programme that aims to foster independent reading. The internet-based software assesses reading age, and suggests books that match pupils' needs and interests. Pupils take computerised quizzes on the books and earn AR points as they progress.

EEF Summary

Accelerated Reader is widely used in England, but much of the evidence for the approach comes from the US. The EEF funded this evaluation to see if it could have an impact in English secondary schools. This is one of a number of small trials developed by EEF and designed to improve outcomes for struggling readers at the transition from primary to secondary school.

The study found that Year 7 pupils who were offered Accelerated Reader made 3 months' additional progress in reading compared to other similar pupils. For pupils eligible for free school meals the figure was 5 months' additional progress.

For weaker readers, the approach appears to contribute towards catch-up at the start of secondary school, although pupils at very low levels of reading may need initial support from teachers to benefit, if they are not independent readers.

Based on the promising findings from this small study, EEF has now funded an effectiveness trial, to see if the results can be replicated for a larger number of schools.

...where we are all inspired to learn

Research Results

Outcome/Group	Impact - the size of the difference between Accelerated Reader pupils and other pupils	Security - how confident are we in this result?
Reading	+3 Months' Progress	High
Reading (FSM)	+5 Months' Progress	N/A

Were the schools in the trial similar to my school?

The project involved four urban, mixed gender, secondary schools. Three of them were rated by OFSTED as "requiring improvement", while the final school was rated as "good".

Around 35% of the pupils in the project schools were eligible for free school meals.

Could I implement this in my school?

Accelerated Reader is available from Renaissance Learning.

For the intervention tested here, 15 staff (teachers, TAs and literacy co-ordinators) from each school attended one day of training.

Accelerated Reader requires space in the timetable for independent reading and schools may also need to increase the number of books in the school library.

delivered by
Teachers

participant group
Individuals

intervention length
22 Weeks

How much will it cost?

Accelerated Reader costs £450 per year for 50 pupils, or £9 per pupil per year. This covers the annual licence needed for each participating pupil (the minimum subscription is for 50 pupils), one day of teacher training and year-long access to a free hotline telephone service.

Cost per pupil
£ £9

Training time per staff member
1 Day

Schools	Pupils	Key Stage
4	349	Key Stage 3
Start date	End date	Type of trial
January 2012	January 2015	Efficacy Trial

Evaluation Conclusions

1. Accelerated Reader appears to be effective for weaker readers as a catch-up intervention at the start of secondary school.

...where we are all inspired to learn

EEF Projects

Accelerated Reader 16th March, 2018

2. A well-stocked library with a wide collection of books banded according to the Accelerated Reader readability formula, and easy access to computers with internet connection, are the main requirements for successful implementation.
3. Pupils at very low levels of reading may not be independent readers and would need initial support from teacher to start reading books.
4. Schools can lead robust evaluations of their own planned interventions, under favourable circumstances, and with some advice and oversight from expert evaluators.
